Presidents Message for March 2021

I hope everyone is doing well. This isolation is hard on all of us but remember it will get better. Reach out to people that are alone. We have been doing that through our coffee time and individually with people. We have some new members who are undergoing treatment. Telephone calls and zoom are not like getting together in person, but they are still ways to give and receive support.

Our posters about PSA reimbursement were put into each workers locker at Resolute Forest Products. We would have been at their health fair, if they would have been able to have it, but they still found a way to share our information.

Thunder Bay is back to the grey zone so remember all our sponsors that are trying to keep their heads above water. Applebees is one that has curb-side pick up. You can place an order, get some good food and help them out.

March 18 our guest will be David McConnell. He is the Manager, Radiation Therapy and Surgical Oncology at the Regional Cancer Care. This is a difficult time for all of the people trying to do their job there and help all the people with cancer. It will be good to hear from him about how they are carrying on with their work. They are still treating people and making plans for the future. We can also see how we can send them our support.

Stay safe out there, hope to see you soon.

Sincerely

Your President

Marc Breton
